Take advantage of
# A Comprehensive, Research-Based Digital Solution for DCYF ECEAP

As a staff member assigned to an ECEAP classroom, you now have access to a comprehensive digital solution that integrates research-based curriculum (*The Creative Curriculum® Cloud*), assessment (*GOLD®*), professional development (Professional Development Teacher Membership), and family engagement (ReadyRosie®).

We want to ensure that you are confident and prepared as you implement these digital solutions. That's why we're so excited about the Professional Development Teacher Membership, which gives you access to 400 hours of research-based, flexible, and on-demand courses, all in one place.

Here is what you have at your fingertips.

1 *The Creative Curriculum® Cloud*

2 **Professional Development Teacher Membership**

3 *GOLD®*

4 ReadyRosie®

### The Creative Curriculum® Cloud

The Creative Curriculum® Cloud is a digital aid for teachers that facilitates everyday engagement and communication while streamlining administrative tasks so that you can spend more time on meaningful interactions with every child.

- **Easy-to-Use, Smart Planning and Teaching Tools**
  Instantly plan your year, month, or week; access all your teaching resources at your fingertips; and adjust plans on the fly with smart tools built for educators by educators.

- **Customize Our Top-Rated Curriculum for Your Classroom**
  Teachers can use the intentionally flexible, top-rated, research-based, whole-child curriculum to personalize plans for their classroom and community.

- **Inspire Transformative Family Partnerships**
  Seamlessly engage families with automated, multimedia playlists tied directly to classroom instruction; two-way communication; and a robust Digital Children's Library.

- **Boost Teacher Confidence and Joy**
  Drive effective implementation with embedded video modeling, live and on-demand training, and support and encouragement through a built-in professional learning community.

Register here for ECEAP and Teaching Strategies Office Hours or email dcyf.eceap@dcyf.wa.gov to get support for your specific questions about Teaching Strategies digital resources.
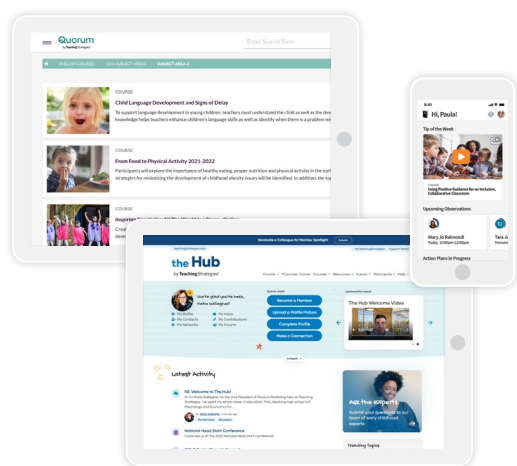

GOLD®

This digital, ongoing, observation-based assessment tool helps teachers determine each child's abilities, track children's progress, and intentionally plan appropriate learning experiences.

- **NEW Smart Suggestions** shortens the time it takes teachers to finalize their checkpoints by up to 80%.
- **The At-a-Glance** dashboard provides teachers with real-time, actionable information on their documentation collection.
- **The Add Documentation feature** streamlines the way you add documentation on a regular basis, either via the platform or the Teaching Strategies® Teacher App.
- Teachers can **add documentation directly from digital forms** (Alphabet Knowledge, Number Concepts, and Shapes)
- **The Manage Family Shares feature** allows teachers to review any notes, pictures, and videos that families share after completing an activity on the Teaching Strategies® Family app and convert them into documentation.
- **The Documentation Best Practices guide** helps teachers develop an effective strategy for collecting and adding documentation.
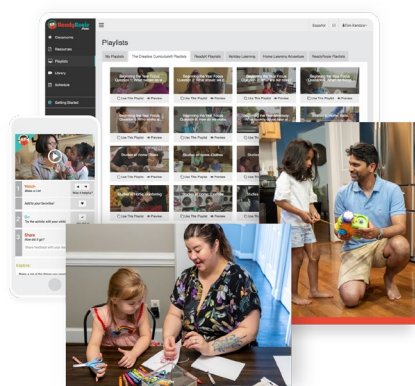

Professional Development Teacher Membership

The membership gives you access to the Quorum® platform–a comprehensive professional development system with personalized learning journeys and real-time progress tracking, a professional learning community, and the flexibility of anywhere, anytime learning, provided in a variety of formats with a focus on real classroom application–at no additional cost to you.

- **Complete required professional development.**
  - 2-hour Introducing MyTeachingStrategies®
  - 10-hour Objectives for Development and Learning
  - Interrater Reliability Certification process
- **Receive unlimited access** to live, flexible courses and over 400 hours of on-demand, research-based content in English and Spanish.
- **Satisfy all training requirements of the CDA credential.**
- **Bilingual Help Desk** available through the Quorum® Help Desk: help@quorumlearning.com.
- **Visit The Hub to engage, connect, and share experiences** with other early childhood educators through moderated discussion forums, exclusive community groups, and the open sharing of ideas.

ReadyRosie®

An early learning and family engagement tool, ReadyRosie® strengthens the connection between home and school through a research-based framework and video modeling.

- **Modeled Moments videos** are filmed in English and in Spanish, aligned with *Intentional Teaching Experiences* and associated objectives for development and learning, and show real families modeling fun activities and games that support classroom learning in authentic ways.
- **Research and Answers videos** are made in partnership with experts in the field to provide educators and families with information on the topics they care about most.
- **Measure impact** with qualitative and quantitative data.
- **Create collaborative and goal-oriented family partnerships** with ready-made educator resources.
