**SUMMARY OF AUDIT FINDINGS**

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

**Number of standards exceeded:**

2	<ul style="list-style-type: none"> <li>• 115.311 - Zero tolerance of sexual abuse and sexual harassment; PREA coordinator</li> <li>• 115.318 - Upgrades to facilities and technologies</li> </ul>

# POST-AUDIT REPORTING INFORMATION

## GENERAL AUDIT INFORMATION

### On-site Audit Dates

1. Start date of the onsite portion of the audit:	2021-12-14
2. End date of the onsite portion of the audit:	2021-12-17

### Outreach

10. Did you attempt to communicate with community-based organization(s) or victim advocates who provide services to this facility and/or who may have insight into relevant conditions in the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
a. Identify the community-based organization(s) or victim advocates with whom you communicated:	Contacted the End Harm Number to ensure it was working. Contacted the local hospital for verification of SAFE/SANE, Reviewed MOU with victim advocates. Contact was made to the advocates in November during the agency audit and verification was made that services were available in Olympia as per in the MOU.

## AUDITED FACILITY INFORMATION

14. Designated facility capacity:	16
15. Average daily population for the past 12 months:	11
16. Number of inmate/resident/detainee housing units:	1
17. Does the facility ever hold youthful inmates or youthful/juvenile detainees?	<input type="radio"/> Yes <input type="radio"/> No <input checked="" type="radio"/> Not Applicable for the facility type audited (i.e., Community Confinement Facility or Juvenile Facility)

## Audited Facility Population Characteristics on Day One of the Onsite Portion of the Audit

### Inmates/Residents/Detainees Population Characteristics on Day One of the Onsite Portion of the Audit

36. Enter the total number of inmates/residents/detainees in the facility as of the first day of onsite portion of the audit:	15
38. Enter the total number of inmates/residents/detainees with a physical disability in the facility as of the first day of the onsite portion of the audit:	0
39. Enter the total number of inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) in the facility as of the first day of the onsite portion of the audit:	0

40. Enter the total number of inmates/residents/detainees who are Blind or have low vision (visually impaired) in the facility as of the first day of the onsite portion of the audit:	0
41. Enter the total number of inmates/residents/detainees who are Deaf or hard-of-hearing in the facility as of the first day of the onsite portion of the audit:	0
42. Enter the total number of inmates/residents/detainees who are Limited English Proficient (LEP) in the facility as of the first day of the onsite portion of the audit:	0
43. Enter the total number of inmates/residents/detainees who identify as lesbian, gay, or bisexual in the facility as of the first day of the onsite portion of the audit:	0
44. Enter the total number of inmates/residents/detainees who identify as transgender or intersex in the facility as of the first day of the onsite portion of the audit:	0
45. Enter the total number of inmates/residents/detainees who reported sexual abuse in the facility as of the first day of the onsite portion of the audit:	0
46. Enter the total number of inmates/residents/detainees who disclosed prior sexual victimization during risk screening in the facility as of the first day of the onsite portion of the audit:	0
47. Enter the total number of inmates/residents/detainees who were ever placed in segregated housing/isolation for risk of sexual victimization in the facility as of the first day of the onsite portion of the audit:	0
48. Provide any additional comments regarding the population characteristics of inmates/residents/detainees in the facility as of the first day of the onsite portion of the audit (e.g., groups not tracked, issues with identifying certain populations):	The residents of the facility are older youth approaching parole. They have completed programming at the Agency's more restrictive facilities. They have had multiple screenings and are high functioning who attend local schools in the community and maintain employment. Residents are carefully placed in the facility to ensure safety of residents and the success of the residents.
<b>Staff, Volunteers, and Contractors Population Characteristics on Day One of the Onsite Portion of the Audit</b>	
49. Enter the total number of STAFF, including both full- and part-time staff, employed by the facility as of the first day of the onsite portion of the audit:	17
50. Enter the total number of VOLUNTEERS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	0
51. Enter the total number of CONTRACTORS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	1
52. Provide any additional comments regarding the population characteristics of staff, volunteers, and contractors who were in the facility as of the first day of the onsite portion of the audit:	Due to Covid-19 volunteers have not been allowed to enter the facility. The contractor is the facility teacher who is part of a local school district and works with the youth to prepare them for public school, GED, and credit recovery. The contractor receives the same training as facility security staff.

# INTERVIEWS

## Inmate/Resident/Detainee Interviews

### Random Inmate/Resident/Detainee Interviews

53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	15
54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	<input type="checkbox"/> Age <input type="checkbox"/> Race <input type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input type="checkbox"/> Length of time in the facility <input type="checkbox"/> Housing assignment <input type="checkbox"/> Gender <input type="checkbox"/> Other <input checked="" type="checkbox"/> None
If "None," explain:	All residents were interviewed.
55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	All residents were interviewed.
56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	<input checked="" type="radio"/> Yes <input type="radio"/> No
57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	Due to the size of the facility and small census, 100% of the current residents were interviewed.

### Targeted Inmate/Resident/Detainee Interviews

58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

<p><b>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</b></p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>100% of residents were interviewed. Resident records and interviews confirmed this response.</p>
<p><b>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>0</p>
<p><b>a. --	--

73. Were you able to conduct the minimum number of RANDOM STAFF interviews?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

74. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	There were no barriers experienced.
---	-------------------------------------

**Specialized Staff, Volunteers, and Contractor Interviews**

Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.

75. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):	4
--	---

76. Were you able to interview the Agency Head?	<input type="radio"/> Yes <input checked="" type="radio"/> No
---	--

a. Explain why it was not possible to interview the Agency Head:	The Agency Head was interviewed in November as part of another Audit this auditor was a part of.

83. Provide any additional comments regarding selecting or interviewing specialized staff.	All staff were knowledgeable about the facility and compliance.

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: discussions related to testing critical functions are expected to be included in the relevant Standard-specific overall determination narratives.

84. Did you have access to all areas of the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

### Was the site review an active, inquiring process that included the following:

85. Reviewing/examining all areas of the facility in accordance with the site review component of the audit instrument?	<input checked="" type="radio"/> Yes <input type="radio"/> No
86. Testing and/or observing all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., intake process, risk screening process, PREA education)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
88. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No

89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	Spoke informally through out the audit with residents, staff, and contractors. All knew how to find the First Responder Plan and how to assist in an allegation of sexual abuse or sexual harassment.
--	---

## Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	<input checked="" type="radio"/> Yes <input type="radio"/> No
--	--

91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	Experienced no barriers to any documentation. Was free to review resident records as requested.

# SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

## Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of **SEXUAL ABUSE** allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0
<b>Total</b>	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual harassment</b>	0	0	0	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0
<b>Total</b>	0	0	0	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for "convicted.") Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/Court Case Filed	Convicted/Adjudicated	Acquitted
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Total</b>	0	0	0	0	0

95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0
<b>Total</b>	0	0	0	0

### Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

96. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/Court Case Filed	Convicted/Adjudicated	Acquitted

## Standards

### Auditor Overall Determination Definitions

- Exceeds Standard  
(Substantially exceeds requirement of standard)
- Meets Standard  
(substantial compliance; complies in all material ways with the stand for the relevant review period)
- Does Not Meet Standard  
(requires corrective actions)

### Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

115.311	<b>Zero tolerance of sexual abuse and sexual harassment; PREA coordinator</b>
	<b>Auditor Overall Determination:</b> Exceeds Standard
	<p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.311: This standard has three components (a) An agency shall have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment and outlining the agency's approach to preventing, detecting, and responding to such conduct; (b) An agency shall employ or designate an upper-level, agency-wide PREA coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities; and (c) Where an agency operates more than one facility, each facility shall designate a PREA compliance manager with sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, this auditor reviewed the following: 1) J.R. Policy number 5.90 [Signed 5/21/2019]; 2) J.R. Community Facility Standard 10 [Signed 12/11/2017], 3) Touchstone's Community Facility Preamble [Dated 01/11/2021], 4) Interviews with the Agency Head, 5) Interview notes with the PREA Coordinator [entitled the PREA Administrator within the agency], 6) Interview with the Facility Superintendent, who is also the Facility PREA Compliance Manager, 7) the Pre-Audit Questionnaire; 8) J.R.'s Organizational Chart; 9) The Facility's Organizational Chart, and 10) Interviews with staff.</p> <p>OBSERVATIONS: The Agency's 5.90 Policy covers all required elements of 115.311; The Agency employs a PREA coordinator, entitled the PREA Administrator, with sufficient time to develop, implement, and oversee the efforts to comply with the PREA standards in all its facilities. Based on interviews with the Agency Head and the PREA Coordinator (called the PREA Administrator), the PREA Administrator does appear to be "upper level," and it appears the PREA Coordinator is an "agency-wide" position. The Agency Head noted that the PREA Administrator has access to her anytime for a PREA related need. In addition, the facility does have a designated PREA Compliance Manager, and the PREA Compliance Manager does believe they have sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards. Further, the agency employs an Agency PREA Compliance Manager who assists the PREA Administrator with PREA related investigations and with helping facilities comply with J.R. Policy 5.90.</p> <p>DETERMINATION: The agency and facility exceed this standard.</p> <p>RATIONALE: First, the agency has well-developed, written policies and procedures related to PREA. The policies and procedures mandate zero tolerance toward all forms of sexual abuse and sexual harassment and outline the agency's approach to preventing, detecting, and responding to such conduct. Second, the agency employs an upper-level, agency-wide PREA coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with its PREA standards. Third, Touchstone has a designated PREA Compliance Manager with sufficient time and authority to coordinate the facility's compliance with the PREA standards. Fourth, the agency employs an Agency level PREA Compliance Manager who assists the PREA Administrator with ensuring that the agency and facilities are complying with the PREA standards.</p>

115.313	<p><b>Supervision and monitoring</b></p> <p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.313: This standard has four components: (a) a staffing plan has been created; (b) deviations from the staffing plan are documented; (c) the staffing plan is reviewed annually; and (d) for secure facilities, where unannounced rounds occur, the staff is prohibited from alerting other staff that such rounds are occurring.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the facility submitted or provided to this auditor the following: 1) Agency policy 5.90; 2) the Pre-Audit Questionnaire; 3) Facility's Staffing Plan dated May 2021; and 4) Interviews with staff.</p> <p>OBSERVATIONS: The facility developed, implemented, and documented a staffing plan that provides for adequate levels of staffing and, where applicable, video monitoring to protect residents against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, the facility did take into consideration: (1) Generally accepted juvenile detention and correctional/secure residential practices; (2) Any judicial findings of inadequacy; (3) Any findings of inadequacy from Federal investigative agencies; (4) Any findings of inadequacy from internal or external oversight bodies; (5) All components of the facility's physical plant (including "blind-spots" or areas where staff or residents may be isolated); (6) The composition of the resident population; (7) The number and placement of supervisory staff; (8) Institution programs occurring on a particular shift; (9) Any applicable State or local laws, regulations, or standards; (10) The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and (11) Any other relevant factors. The latest version of the staffing plan did include the change in state law that allows the facility to include youth aged 12 to 25. The staffing plan also notes one blind spot and notes that this area is off-limits to staff and residents.</p> <p>No deviations from the staffing plan were noted by staff during staff interviews, and no deviations were reported in the Pre-Audit Questionnaire. However, staff deviation forms were available if a deviation was reported.</p> <p>The Staffing Plan presented to the auditor did include signatures from May of 2021. Thus, it does appear the staffing plan is updated annually. However, in a review of the staffing plan the blind spots identified during the facility tour were not noted.</p> <p>Touchstone is not considered a secure facility, meaning that unannounced rounds are not required, and none were noted.</p> <p>DETERMINATION: It was determined that the facility does meet this Standard.</p>

115.315	<p><b>Limits to cross-gender viewing and searches</b></p> <p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p><b>REQUIREMENTS:</b> 115.315: This standard has six components: (a) The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners; (b) The agency shall not conduct cross-gender pat-down searches except in exigent circumstances; (c) The facility shall document all cross-gender strip searches and cross-gender visual body cavity searches, and shall document all cross-gender pat-down searches of residents; (d) The facility shall implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an resident housing unit; (e) The facility shall not search or physically examine a transgender or intersex resident for the sole purpose of determining the resident's genital status.; and (f) The agency shall train security staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex residents, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.</p> <p><b>EVIDENCE OF COMPLIANCE:</b> As evidence of compliance with this Standard, the facility submitted or provided to this auditor the following: 1) J.R. policies; 2) the Pre-Audit Questionnaire; 3) Interviews with twelve security staff; 3) Review of staff training files; and 4) Interviews with residents (specifically, all nine residents enrolled at the facility during the audit).</p> <p><b>OBSERVATIONS:</b> Based on observation, document review, and interviews, the facility does not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners. The agency does not allow, and the facility ensures that staff does not conduct cross-gender pat-down searches except in exigent circumstances. The facility does have the forms to document all cross-gender strip searches and cross-gender visual body cavity searches, and the staff would document all cross-gender pat-down searches; however, none were reported; thus, no forms were reviewed. The facility does implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Further, the policies and procedures require the staff of the opposite gender to announce their presence when entering a resident's room or housing area. The facility does not search or physically examine a transgender or intersex resident for the sole purpose of determining the resident's genital status. The agency trains security staff to conduct cross-gender pat-down searches and searches of transgender and intersex residents, professionally and respectfully, and in the least intrusive manner possible, consistent with security needs.</p> <p><b>DETERMINATION:</b> It was determined that the facility meets this standard.</p> <p><b>RATIONALE:</b> The facility design provides each resident with the ability to shower, perform bodily functions, and change clothing without any staff viewing their breasts, buttocks, or genitalia, except in exigent circumstances. Further, all residents and staff noted that searching a resident to determine their genital status would be a PREA violation and would have to be reported. All staff and residents stated that strip searches are never permitted. Further, all staff and residents were able to state that cross-gender pat searches are not permitted, except in exigent circumstances.</p>

115.316	<p><b>Residents with disabilities and residents who are limited English proficient</b></p> <p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.316: This standard has three components: (a) The agency shall take appropriate steps to ensure that residents with disabilities (including, for example, residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment; (b) The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to residents who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary; and (c) The agency shall not rely on resident interpreters, resident readers, or other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties under §115.64, or the investigation of the resident's allegations.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the facility submitted or provided to this auditor the following: 1) J.R. policies; 2) the Pre-Audit Questionnaire; 3) Interviews with twelve security staff; 3) Review of staff training files; 4) Review of the training materials used by staff to inform residents about their rights to be free from sexual abuse and sexual harassment; and 5) Interviews with residents (specifically, all nine residents enrolled at the facility during the audit).</p> <p>OBSERVATIONS: The facility has used training tailored to identify youth with disabilities and to identify the best means to communicate with these youth. The agency maintains a contract for Interpreter Services with an outside service that is utilized as needed. This auditor called this number, and interpreter services were immediately available. Further, the facility had access to certified interpreters. In interviews with security staff, all twelve reported that they would either access the translation services or secure approval from the supervisor to do so. Further, all the staff reported that they would NOT allow residents to interpret for other residents unless it was an exigent circumstance. Additionally, all residents interviewed noted they received and understood the information they were provided.</p> <p>DETERMINATION: It was determined that the facility meets this standard.</p> <p>RATIONALE: The facility provides each resident, even those with disabilities (including residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), with equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The agency provides for, and the facility staff takes reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to residents who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. This is accomplished by having access to trained and certified translators in the predominant languages at the facility. Further, all staff and residents affirmed that staff does not rely on resident interpreters, resident readers, or other types of resident assistants except in limited exigent circumstances.</p>

115.318	<p><b>Upgrades to facilities and technologies</b></p> <p><b>Auditor Overall Determination:</b> Exceeds Standard</p> <p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.318: This standard has two components: (a) When designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the agency shall consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect residents from sexual abuse; and (b) When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency shall consider how such technology may enhance the agency's ability to protect residents from sexual abuse.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, this Auditor 1) Reviewed material submitted by the facility, 2) Reviewed the Pre-Audit Questionnaire, 3) Conducted a facility tour, 4) Interviewed staff (specifically, the Agency Head designee, Facility Superintendent, and the facility's staff), 5) Interviewed residents.</p> <p>OBSERVATIONS: Though there have been no significant structural changes to the facility since the last PREA audit, the facility has significantly upgraded its video monitoring. During the process of updating the video monitoring system, the agency and facility staff significantly improved the quality of the video security system and the number of cameras added. In addition, the staff had previously identified blind spots, and many of these were removed with the intentional placement of additional security cameras. Further, observation of the system and interviews with staff and residents confirmed that no cameras were placed or had an angle that permitted viewing into areas where residents could be showering, changing clothes, or performing bodily functions.</p> <p>DETERMINATION: It was determined that the facility exceeds this standard.</p> <p>RATIONALE: First, there have been no significant renovations, nor are significant renovations planned for this facility. Second, the facility just underwent a renovation to the facility's security system. This meant installing or updating the video monitoring system, electronic surveillance system, and other monitoring technology. During this process, the agency considered how such technology might enhance the agency's ability to protect residents from sexual abuse. During this process, just about every identified blind spot was covered. Further, the updated camera systems have the server capacity to maintain 22-days of security footage. Tour and review of the system showed that extensive effort was put into eliminating blind spots. Staff were aware of them and understood how much space existed in the limited number of blind spots. Further, plans include additional cameras during the next year to eliminate all known blind spots. Each staff interviewed had an understanding of the location of blind spots and how they are monitored.</p>

115.321	<b>Evidence protocol and forensic medical examinations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.321: This standard has eight components: (a) To the extent the agency is responsible for investigating allegations of sexual abuse, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions; (b) The protocol shall be developmentally appropriate for youth and, as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011; (c) The agency shall offer all residents who experience sexual abuse access to forensic medical examinations whether onsite or at an outside facility, without financial cost, where evidentiary or medically appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The agency shall document its efforts to provide SAFEs or SANEs; (d) The agency shall attempt to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, the agency shall make available to provide these services a qualified staff member from a community-based organization or a qualified agency staff member. Agencies shall document efforts to secure services from rape crisis centers. For the purpose of this standard, a rape crisis center refers to an entity that provides intervention and related assistance, such as the services specified in 42 U.S.C. 14043g(b)(2)(C), to victims of sexual assault of all ages. The agency may utilize a rape crisis center that is part of a governmental unit as long as the center is not part of the criminal justice system (such as a law enforcement agency) and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services; (e) As requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals; (f) To the extent the agency itself is not responsible for investigating allegations of sexual abuse, the agency shall request that the investigating agency follow the requirements of paragraphs (a) through (e) of this section; (g) The requirements of paragraphs (a) through (f) of this section shall also apply to: [(1) Any State entity outside of the agency that is responsible for investigating allegations of sexual abuse in juvenile facilities; and (2) Any Department of Justice component that is responsible for investigating allegations of sexual abuse in juvenile facilities.] (h) For the purposes of this standard, a qualified agency staff member or a qualified community-based staff member shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the facility submitted or provided to this auditor the (1) Pre-Audit Questionnaire, (2) J.R. policies and procedures, (3) Interviews with the PREA Administrator, (4) Interviews with the J.R. Investigator, (5) Interviews with the PREA Compliance Manager (P.C.M.); (6) Interviews with the local hospital staff that employs SAFE or SANE nurses; and (7) Interviews with local area victim services programs.</p> <p>OBSERVATIONS: The agency is not responsible for investigating allegations of sexual abuse as all sexual abuse investigations would be immediately referred to the agency with the legal authority to conduct such an investigation (law enforcement and/or Child Protective Services). The agency has requested that law enforcement (local police department) and Child Protective Services (C.P.S.) follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. Facility staff has requested that these investigating agencies utilize a protocol that is developmentally appropriate for youth and, as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011. Documented evidence and interviews with local victim advocacy groups supported that facility staff would offer all residents who experience sexual abuse access to forensic medical examinations, whether onsite or at an outside facility, without financial cost, where evidentiary or medically appropriate. Such examinations would be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. The facility has made arrangements to make available to the victim a victim advocate from a rape crisis center. Interviews with this agency supported the fact a trained advocate would be made available 24 hours a day, seven days a week. If requested by the victim, the victim advocate would be allowed to accompany and support the victim through the forensic medical examination process and investigatory interviews and would provide emotional support, crisis intervention, information, and referrals. There is documentation that local law enforcement and/or local hospitals whose staff may perform a forensic exam were asked to utilize the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011. Currently, the hospital that has the SANE nurses utilize a protocol that was developed in 2014. A reconfirmation of this request was received by the local law enforcement agency in October of 2021.</p>

DETERMINATION: It was determined that the agency meets this standard.

RATIONALE: First, the agency is not responsible for investigating allegations of sexual abuse; that responsibility is with Child Protective Services and/or local law enforcement. Second, the agency does offer all residents who experience sexual abuse access to forensic medical examinations outside the facility at the local hospital. These services would be provided without financial cost to the resident, where evidentiary or medically appropriate. Such examinations would be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs). Third, the agency does attempt to make available to the victim a victim advocate from a rape crisis center. Fourth, if requested by the victim, a victim advocate would accompany and support the victim through the forensic medical examination process and investigatory interviews and would provide emotional support, crisis intervention, information, and referrals. Fifth, since the agency is not responsible for investigating allegations of sexual abuse, the agency has requested that the investigating agency follow the requirements of paragraphs (a) through (e) of this section. Sixth, the agency understands that the requirements of paragraphs (a) through (f) of this section shall also apply to: (1) Any State entity outside of the agency that is responsible for investigating allegations of sexual abuse in juvenile facilities; and (2) Any Department of Justice component that is responsible for investigating allegations of sexual abuse in juvenile facilities.

115.322	<b>Policies to ensure referrals of allegations for investigations</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p><b>REQUIREMENTS:</b> 115.322: This standard has five components: (a) The agency shall ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment; (b) The agency shall have in place a policy to ensure that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior. The agency shall publish such policy on its website or, if it does not have one, make the policy available through other means. The agency shall document all such referrals; (c) If a separate entity is responsible for conducting criminal investigations, such publication shall describe the responsibilities of both the agency and the investigating entity; (d) Any State entity responsible for conducting administrative or criminal investigations of sexual abuse or sexual harassment in juvenile facilities shall have in place a policy governing the conduct of such investigations; (e) Any Department of Justice component responsible for conducting administrative or criminal investigations of sexual abuse or sexual harassment in juvenile facilities shall have in place a policy governing the conduct of such investigations.</p> <p><b>EVIDENCE OF COMPLIANCE:</b> As evidence of compliance with this Standard, the facility submitted or provided to this auditor the (1) Pre-Audit Questionnaire, (2) J.R. Policies and Procedures (5.90 and 1.22), (3) Review of the Coordinated Response Plan; (4) Interviews with staff (specifically, the Facility Superintendent and the Agency investigator); (5) Copies of completed investigations, and (6) the Agency's Conducting PREA Criminal Investigations narrative off the DCYF website.</p> <p><b>OBSERVATIONS:</b> The Agency and Facility do have policies that all allegations of sexual abuse and sexual harassment would be investigated. It is the policy and practice of the agency and facility to refer all allegations of sexual abuse and sexual harassment to an agency with the legal authority to conduct criminal investigations (e.g., law enforcement and Child Protective Services). If these agencies determine that the allegation does not involve potentially criminal behavior, then the J.R. investigation staff would be responsible for conducting an administrative investigation. The facility does document all referrals of sexual abuse and sexual harassment allegations to the appropriate agency. The agency's policies describe the responsibilities of both the agency and the investigating entity.</p> <p><b>DETERMINATION:</b> It was determined that the agency meets this standard.</p> <p><b>RATIONALE:</b> First, the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. Second, the agency has a policy to ensure that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations unless the allegation does not involve potentially criminal behavior. Third, the agency publishes such policy on its website at Prison Rape Elimination Act Compliance   Washington State Department of Children, Youth, and Families. Fourth, as a separate entity is responsible for conducting criminal investigations, a responsibilities document that describes the responsibilities of both the agency and the investigating entity is published on the agency's website. Fifth, the agency does have a policy governing the conduct of investigations. Sixth, the Department of Justice is not responsible for conducting administrative or criminal investigations of sexual abuse or sexual harassment in juvenile facilities operated by the agency.</p>

115.331	<b>Employee training</b>

The employee shall receive additional training if the employee is reassigned from a facility that houses only male residents to a facility that houses only female residents, or vice versa; (c) All current employees who have not received such training shall be trained within one year of the effective date of the PREA standards, and the agency shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In years in which an employee does not receive refresher training, the agency shall provide refresher information on current sexual abuse and sexual harassment policies; and (d) The agency shall document, through employee signature or electronic verification, that employees understand the training they have received. </p> <p data-bbox="240 629 1481 723"> <b>EVIDENCE OF COMPLIANCE:</b> As evidence of compliance with this Standard, the facility submitted or provided to this auditor the (1) Pre-Audit Questionnaire, (2) Agency and facility policies and procedures, (3) interviews with staff, (4) Training forms, and (5) Training curricula. </p> <p data-bbox="240 752 1490 913"> <b>OBSERVATIONS:</b> All of the security staff interviewed noted that they did receive all the required PREA training. Interviewees noted they felt they received training that was specific to the "unique needs and attributes and gender of the residents at the Facility." In a review of staff files, it was apparent that staff received the required PREA training prior to having contact with residents. Further, interviews with new staff noted that they received the required PREA training prior to first contact with residents. </p> <p data-bbox="240 943 1490 1207"> J.R. provides two types of training, Instructor-Led Training (I.L.T.) and an online version. In a review of the training files, all 12 security staff files reviewed showed that staff completed an online PREA training in the past 24-months using the agency's online training system. For staff taking training via the online system, each staff member is provided a unique name and password. Staff cannot complete the training without having to attest that they attended and understood the training. As each staff member completing online training must note that they attended and understood the training, it was determined that the agency does document via electronic verification that employees understood the training they received. Further, for some training, the staff are also required to pass a test to ensure that the staff understood the training. This was in addition to the required electronic verification that they attended and understood the training. </p> <p data-bbox="240 1236 1458 1296"> In the past 12-months, PREA training was not offered, but PREA refresher information was provided to staff in September and October of 2021. Second, the online system captures electronic verification that staff completed and understood the training. Third, as PREA training is not required every year, and because staff acknowledged that PREA refresher information was provided in the past 12-months, the agency is found to meet this standard. </p>

The training included their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures. The level of training and type of training provided to volunteers and contractors is based on the services they provide and the level of contact they have with residents, but all volunteers and contractors who have contact with residents are notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents. Further, the agency does maintain documentation confirming that volunteers and contractors understood the training they received. Further, an interview with a contractor confirmed that they were trained before working with residents at the facility. No volunteers were interviewed as only 1 volunteers have been allowed in the facility since spring of 2020 due to the COVID-19 pandemic and they were unavailable at the time of the on-site audit.</p> <p>DETERMINATION: It was determined that the agency meets this standard.</p> <p>RATIONALE: First, the agency ensured that all volunteers and contractors who have contact with residents were trained on their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures. Second, based on a review of the training curriculum, the level and type of training provided to volunteers and contractors was based on the services they provide and the level of contact they have with the resident. Third, all volunteers and contractors who have contact with residents were notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents. Fourth, the agency maintained documentation confirming that volunteers and contractors understand the training they have received.</p>

115.333	<b>Resident education</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p><b>REQUIREMENTS:</b> 115.333: This standard has six components: (a) During the intake process, residents shall receive information explaining, in an age appropriate fashion, the agency's zero tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment; (b) Within 10 days of intake, the agency shall provide comprehensive age-appropriate education to residents either in person or through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents; (c) Current residents who have not received such education shall be educated within one year of the effective date of the PREA standards, and shall receive education upon transfer to a different facility to the extent that the policies and procedures of the resident's new facility differ from those of the previous facility; (d) The agency shall provide resident education in formats accessible to all residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to residents who have limited reading skills; (e) The agency shall maintain documentation of resident participation in these education sessions; and (f) In addition to providing such education, the agency shall ensure that key information is continuously and readily available or visible to residents through posters, resident handbooks, or other written formats.</p> <p><b>EVIDENCE OF COMPLIANCE:</b> As evidence of compliance with this Standard, the facility submitted or provided to this auditor the (1) Pre-Audit Questionnaire, (2) Agency and facility policies and procedures, (3) Interviews with residents, (4) Training forms, (5) Training curricula, and (6) A review of 22 resident files (both current and former residents).</p> <p><b>OBSERVATIONS:</b> A review of fourteen current residents' files and the training records file for the past 12 months. Based on review of files, interviews with residents, and interviews with staff, residents received the required training within the timeframe permitted by this standard. [NOTE: Initially, the facility had difficulty finding the documentation of records from a period at the height of the pandemic; however, upon review with the staff responsible for collecting that record the evidence presented showed that the facility did consistently provide information and education to residents thoroughly over the past 12 months that were most closely reviewed.] Further, residents signed that they received and understood the training. Residents indicated that they received information and training during intake every time they moved facilities or returned to Touchstone from a stay at another facility.</p> <p><b>DETERMINATION:</b> It was determined that the facility meets this standard.</p> <p><b>RATIONALE:</b> First, during the intake process, residents stated they received information explaining, in an age-appropriate fashion, the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. Second, within ten days of intake, the facility provided comprehensive age-appropriate education to residents in person and through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents. Third, the facility provided resident education in formats accessible to all residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to residents who have limited reading skills. This was confirmed via interviews with residents who self-disclosed their personal disabilities. Fourth, the facility maintains documentation of resident participation in these education sessions. Fifth, the facility ensures that key information is continuously and readily available or visible to residents through posters, resident handbooks, or other written formats as observed via the facility tour.</p>

Based on these efforts, it was determined that the facility did complete the risk assessment, called a SAVY, within 72 hours of the resident's arrival at the facility for all 20 out of 20 files reviewed. Further, periodic reassessments were conducted approximately every six months. Staff interviews noted and confirmed that information obtained from the SAVY, along with the resident's historical files, personal history, and behavior, are used to reduce the risk of sexual abuse by or upon a resident. The assessment is conducted using an objective screening instrument that includes 10 of the 11 pieces of required information per this PREA standard. The information is ascertained through conversations with the resident during the intake process and via medical and mental health screenings and by reviewing court records, case files, facility behavioral records, and other relevant documentation from the resident's files. Staff interviews did note that staff would do whatever is required to keep residents' staff, including having never left them alone; all staff affirmed that isolation of a resident would not be done except in an extreme exigent circumstance and that any isolation would last only minutes, if at all. Staff and resident interviews also affirmed that Lesbian, gay, bisexual, transgender, or intersex residents are not placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor shall agencies consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of the likelihood of being sexually abusive. Interviews with transgender youth and staff confirmed that when making housing and programming assignments, the agency does consider on a case-by-case basis whether a placement would ensure the resident's health and safety and whether the placement would present management or security problems. It was further determined via case file reviews and interviews that placement and programming assignments for each transgender or intersex resident are reassessed at least twice each year to review any threats to safety experienced by the resident. Further, interviews with residents, including transgender residents, noted that their own views with respect to his or her own safety are given serious consideration. Interviews and a tour of the facility affirmed that each resident in the facility could shower separately from other residents. Though some facility staff did not know if a transgender or intersex resident had been in the facility, each staff interviewed recognized that there were no areas of the facility designated as housing areas for these residents. However, it should be noted that some staff was not fully informed about the importance of using the subjective part of the SOGIE to make housing and programming decisions, which should be addressed in future training. </p> <p data-bbox="242 1850 991 1877"> <b>DETERMINATION:</b> It was determined that the agency meets this standard. </p> <p data-bbox="242 1910 1485 2000"> <b>RATIONALE:</b> The agency and facility utilized the results of assessments to make informed decisions related to programming and housing decisions for each resident. 115.351	<b>Resident reporting</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.351: This standard has five components: (a) The agency shall provide multiple internal ways for residents to privately report sexual abuse and sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents; (b) The agency shall also provide at least one way for residents to report abuse or harassment to a public or private entity or office that is not part of the agency and that is able to receive and immediately forward resident reports of sexual abuse and sexual harassment to agency officials, allowing the resident to remain anonymous upon request. Residents detained solely for civil immigration purposes shall be provided information on how to contact relevant consular officials and relevant officials at the Department of Homeland Security; (c) Staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document any verbal reports; (d) The facility shall provide residents with access to tools necessary to make a written report; and (e) The agency shall provide a method for staff to privately report sexual abuse and sexual harassment of residents.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) Agency and Facility policies and procedures, (3) Interviews with residents, (4) Interviews with staff, (5) Access to the phone system to make a call to an outside agency; (6) Review of allegations and investigations of those allegations; and (7) Tour of facility.</p> <p>OBSERVATIONS: All staff and residents were able to identify multiple internal ways for youth to report privately to facility officials about sexual abuse, sexual harassment, retaliation, and staff neglect or violation of responsibilities that may have contributed to any such incidents. All the interviewed residents noted that they would tell a staff member, use the posted phone numbers and/or report to their parent or guardians and/or lawyer. Posters with the hotline numbers were observed posted in each residential unit at the Facility. A test of the End Harm hotline noted that the call was answered immediately and by a "live" person. Further, it was found that a "live" person answered the phone 24/7 and that the proper authorities in the agency and facility would be immediately notified. Further, it was determined that a resident calling this number could remain anonymous if they so choose. As for residents detained solely for civil immigration purposes, this practice is not allowed per interviews with agency and facility staff. All staff, who were interviewed, acknowledged that they must report all verbal reports, anonymous reports, written reports, and reports from third parties regarding allegations of sexual abuse and sexual harassment.</p> <p>DETERMINATION: It was determined that the agency meets the requirements for this standard.</p> <p>RATIONALE: First, the agency provides multiple internal ways for residents to privately report sexual abuse and sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. These ways include a complaint box; further, residents can tell a staff, tell a teacher, go offsite and tell an employer, talk with their parents, and talk with their lawyers. Second, the agency provides access to the END-HARM phone number. This is a public entity that is not part of the agency, and that is able to receive and immediately forward resident reports of sexual abuse and sexual harassment to agency officials, allowing the resident to remain anonymous upon request. Third, the agency does not house residents detained solely for civil immigration purposes. Fourth, staff stated they accept reports made verbally, in writing, anonymously, and from third parties and would promptly document any verbal reports. Fifth, this auditor observed, and residents verified that the facility provides residents with access to tools necessary to make a written report. Sixth, the agency provides multiple methods for staff to report sexual abuse and sexual harassment of residents privately.</p>

The agency shall notify the resident in writing of any such extension and provide a date by which a decision will be made; (d)(4) At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, the resident may consider the absence of a response to be a denial at that level; (e)(1) Third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, shall be permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of residents; (e)(2) If a third party, other than a parent or legal guardian, files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process; (e)(3) If the resident declines to have the request processed on his or her behalf, the agency shall document the resident's decision; (e)(4) A parent or legal guardian of a juvenile shall be allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile. Such a grievance shall not be conditioned upon the juvenile agreeing to have the request filed on his or her behalf; (f)(1) The agency shall establish procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse; (f)(2) After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, the agency shall immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken, shall provide an initial response within 48 hours, and shall issue a final agency decision within 5 calendar days. The initial response and final agency decision shall document the agency's determination whether the resident is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance; and (g) The agency may discipline a resident for filing a grievance related to alleged sexual abuse only where the agency demonstrates that the resident filed the grievance in bad faith. </p> <p data-bbox="242 1435 1474 1559"> <b>EVIDENCE OF COMPLIANCE:</b> As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) Agency and Facility policies and procedures (5.90 and 2.10), (3) Interviews with Agency Staff, including the Agency Head designee, (4) Interviews with facility staff, and (5) Review of civil lawsuits against the agency. </p> <p data-bbox="242 1594 1485 2051"> <b>OBSERVATIONS:</b> Based on interviews with staff and a review of current litigation cases, it was affirmed that there are no limitations. Specifically, the agency does not impose a time limit on when a resident may submit a grievance regarding an allegation of sexual abuse, and the agency does not require a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse. The agency has established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse via a verbal or written request. After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, the agency does immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken and does provide an initial response within minutes. Further, it was determined, via interviews, that a final agency decision would be issued within five calendar days, if not substantially sooner. The initial response and final agency decision would document the agency's determination whether the resident is at substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance. Further, Policy 2.10, subsection 15, notes that the agency may discipline a resident for filing a grievance related to alleged sexual abuse only where the agency demonstrates that the resident filed the grievance in bad faith. </p> <p data-bbox="242 2087 991 2116"> <b>DETERMINATION:</b> It was determined that the agency meets this standard. </p>

115.353	<p><b>Resident access to outside confidential support services and legal representation</b></p> <p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.353: This standard has four components: (a) The facility shall provide residents with access to outside victim advocates for emotional support services related to sexual abuse by providing, posting, or otherwise making accessible mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations, and, for persons detained solely for civil immigration purposes, immigrant services agencies. The facility shall enable reasonable communication between residents and these organizations and agencies, in as confidential a manner as possible; (b) The facility shall inform residents, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws; (c) The agency shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide residents with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreements; and (d) The facility shall also provide residents with reasonable and confidential access to their attorneys or other legal representation and reasonable access to parents or legal guardians.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) Agency and Facility policies and procedures (5.90 and 2.10), (3) Interviews with Agency Staff, including the Agency Head designee, (4) Interviews with facility staff, and (5) Interviews with community-based hospitals and victim advocate agencies.</p> <p>OBSERVATIONS: The Facility provided contact phone numbers and addresses to the local hospital and a local victim services agency. Interviews with the hospital and victim services agency noted that services are available 24/7 and that a trained victim advocate would be available to assist the resident. Further, it was determined via interviews that communications with these agencies and services would not be monitored. All interviews (staff and residents) confirmed and acknowledged that residents are provided with reasonable access to parents or legal guardians and that all residents are provided reasonable and confidential access to their attorneys or other legal representatives. Further, in an interview with the local hospital, it was found that if a SAFE/SANE nurse was unavailable, they would coordinate with other entities in the area to secure those services.</p> <p>DETERMINATION: It was determined that the facility meets this standard.</p>

A test of this system was conducted, and a response was forthcoming. Further, the Facility's website has a process for families to report sexual abuse and sexual harassment via email. Based on interviews with staff, it was determined that a link on the DCYF website would allow a person to make a third-party report. This auditor found this link and attempted to test the email system. 115.361	<b>Staff and agency reporting duties</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.361: This standard has six components: (a) The agency shall require all staff to report immediately and according to agency policy any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency; retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation; (b) The agency shall also require all staff to comply with any applicable mandatory child abuse reporting laws; (c) Apart from reporting to designated supervisors or officials and designated State or local services agencies, staff shall be prohibited from revealing any information related to a sexual abuse report to anyone other than to the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions; (d)(1) Medical and mental health practitioners shall be required to report sexual abuse to designated supervisors and officials pursuant to paragraph (a) of this section, as well as to the designated State or local services agency where required by mandatory reporting laws; (d)(2) Such practitioners shall be required to inform residents at the initiation of services of their duty to report and the limitations of confidentiality; (e)(1) Upon receiving any allegation of sexual abuse, the facility head or his or her designee shall promptly report the allegation to the appropriate agency office and to the alleged victim's parents or legal guardians, unless the facility has official documentation showing the parents or legal guardians should not be notified; (e)(2) If the alleged victim is under the guardianship of the child welfare system, the report shall be made to the alleged victim's caseworker instead of the parents or legal guardians; (e)(3) If a juvenile court retains jurisdiction over the alleged victim, the facility head or designee shall also report the allegation to the juvenile's attorney or other legal representative of record within 14 days of receiving the allegation; and (f) The facility shall report all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the facility's designated investigators.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) Agency and Facility policies and procedures, (3) Interviews with residents, and (4) Interviews with staff.</p> <p>OBSERVATIONS: Interviews of 12 staff revealed that staff is required to report immediately and according to agency policy, any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in the facility, whether or not it is part of the agency; retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Resident interviews affirmed that staff always report any allegations. The policy requires, and staff interviews affirmed that staff report all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the designated investigators (law enforcement, Child Protective Services, and agency investigators). All staff noted that they were mandatory reporters. As the facility does not employ or contract with mental health providers or medical staff to perform services at the facility, 115.361(d) was considered not applicable.</p> <p>DETERMINATION: It was determined that the agency meets this standard.</p>

	<p data-bbox="240 210 451 237"><b>Auditor Discussion</b></p> <p data-bbox="240 271 1493 1099"> <b>REQUIREMENTS:</b> 115.371: This standard has 13 components: (a) When the agency conducts its own investigations into allegations of sexual abuse and sexual harassment, it shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports; (b) Where sexual abuse is alleged, the agency shall use investigators who have received special training in sexual abuse investigations involving juvenile victims pursuant to § 115.334; (c) Investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator; (d) The agency shall not terminate an investigation solely because the source of the allegation recants the allegation; (e) When the quality of evidence appears to support criminal prosecution, the agency shall conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution; (f) The credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined by the person's status as resident or staff. No agency shall require a resident who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation; (g) Administrative investigations: [(1) Shall include an effort to determine whether staff actions or failures to act contributed to the abuse; and (2) Shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings]; (h) Criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible; (i) Substantiated allegations of conduct that appears to be criminal shall be referred for prosecution; (j) The agency shall retain all written reports referenced in paragraphs (g) and (h) of this section for as long as the alleged abuser is incarcerated or employed by the agency, plus five years, unless the abuse was committed by a juvenile resident and applicable law requires a shorter period of retention; (k) The departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation; (l) Any State entity or Department of Justice component that conducts such investigations shall do so pursuant to the above requirements; and (m) When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation. </p> <p data-bbox="240 1133 1481 1256"> <b>EVIDENCE OF COMPLIANCE:</b> As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) JR Policies and procedures (1.22, 5.90, 5.91, a document called the Conducting PREA Criminal Investigations), (3) Interviews with staff, (4) Interviews with Agency Investigators, and (5) Review of investigations. </p> <p data-bbox="240 1290 1485 2152"> <b>OBSERVATIONS:</b> All allegations of potential criminal sexual abuse or sexual harassment are immediately referred to law enforcement and Child Protective Services. The agency only conducts investigations after law enforcement or Child Protective Services have determined that the allegation does not rise to a criminal level. Based on a review of the data submitted and from interviews with staff and residents, all allegations of sexual abuse and sexual harassment are referred to law enforcement and/or Child Protective Services and these referrals are done promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. The agency and facility have requested that when law enforcement and/or Child Protective Services investigate an allegation alleging sexual abuse, that these agencies use investigators who have received special training in sexual abuse investigations involving juvenile victims pursuant to § 115.334. Further, interviews with law enforcement noted that their investigators would gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; would interview alleged victims, suspected perpetrators, and witnesses; and would review prior complaints and reports of sexual abuse involving the suspected perpetrator. Agency policy note and interviews with agency and facility staff affirmed that the agency would not terminate an investigation solely because the source of the allegation recants the allegation. Law enforcement and Child Protective Services investigators would, when the quality of evidence appears to support a criminal prosecution, conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution. Agency staff and law enforcement investigators stipulated that the credibility of an alleged victim, suspect, or witness would be assessed on an individual basis and would not be determined by the person's status as a resident or staff. Agency and facility staff noted that the use of a polygraph examination or other truth-telling device would not be allowed. For non-criminal administrative investigations, the investigators affirmed that their investigations would include an effort to determine whether staff actions or failures to act contributed to the abuse and that all findings would be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings]. Law enforcement and Child Protective Services interviews noted that criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and would include copies of all documentary evidence where feasible. Further, these investigators noted that any substantiated allegations of conduct that appears to be criminal would be referred for prosecution. The agency and facility do retain all written reports referenced in this section for as long as the alleged abuser is </p>

incarcerated or employed by the agency, plus five years, unless the abuse was committed by a juvenile resident and applicable law requires a shorter period of retention. All interviews noted that the departure of the alleged abuser or victim from the employment or control of the facility or agency would not provide a basis for terminating an investigation. The agency has requested that any State entity or Department of Justice component that conducts such investigations shall do so pursuant to the above requirements and when outside agencies investigate sexual abuse, the facility head shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

When the agency conducts its own administrative investigations into allegations of sexual abuse and sexual harassment, it does so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. The agency and facility investigators, who conduct only administrative investigations after law enforcement or Child Protective Services has ruled out criminal activity, are experienced. As evidence of this contention, the DCYF Agency investigators have been conducting administrative investigations since 2014, and some have been conducting them since 2001. As PREA does not define "experience" in relation to investigators, the fact that each agency and facility investigator have conducted prior investigations unrelated to PREA while employed by the Juvenile Rehabilitation (JR) division makes them experienced investigators as defined by PREA. Further, each trained investigator has completed all the required training specified in 115.334, plus the additional requirement articulated in the variance related to juvenile facilities (i.e., that investigators will receive specialized training that includes techniques for interviewing juvenile sexual abuse victims).

**DETERMINATION:** It was determined that the facility meets this standard.

<b>115.377</b>	<b>Corrective action for contractors and volunteers</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.377: This standard has two components: (a) Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with residents and shall be reported to law enforcement agencies unless the activity was clearly not criminal and to relevant licensing bodies; and (b) The facility shall take appropriate remedial measures, and shall consider whether to prohibit further contact with residents, in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) JR Policy 5.90, 1.23, and 1.60, (3) Interviews with PREA Administrator, (4) Interviews with Facility's PCM, (5) Interviews with HR staff; and (6) Review of completed sexual abuse investigations.</p> <p>OBSERVATIONS: Policy 1.60 specifically address this standard. Staff interviews noted that " any service providers who violate this policy are subject to administrative discipline including termination of employment, criminal sanctions, or both." Further, it was noted that the service providers who violate this policy "shall be prohibited from contact with residents and shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies." Interviews with administrative staff noted that they would prohibit further contact with residents in the case of any violation of agency sexual abuse or sexual harassment policies by a service provider or volunteer. In addition, the staff interviewed noted that HR would contact the appropriate licensing bodies. Further, facility administrative staff noted that they had the authority to remove any volunteer or contractor from their facility and would do so immediately upon an allegation or suspicion of sexual abuse or sexual harassment.</p> <p>DETERMINATION: It was determined that the facility meets this standard.</p>

115.378	<p><b>Interventions and disciplinary sanctions for residents</b></p> <p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>REQUIREMENTS: 115.378: This standard has seven components: (a) A resident may be subject to disciplinary sanctions only pursuant to a formal disciplinary process following an administrative finding that the resident engaged in resident-on-resident sexual abuse or following a criminal finding of guilt for resident-on-resident sexual abuse; (b) Any disciplinary sanctions shall be commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories. In the event a disciplinary sanction results in the isolation of a resident, agencies shall not deny the resident daily large-muscle exercise or access to any legally required educational programming or special education services. Residents in isolation shall receive daily visits from a medical or mental health care clinician. Residents shall also have access to other programs and work opportunities to the extent possible; (c) The disciplinary process shall consider whether a resident's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed; (d) If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, the facility shall consider whether to offer the offending resident participation in such interventions. The agency may require participation in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives, but not as a condition to access to general programming or education; (e) The agency may discipline a resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact; (f) For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation; and (g) An agency may, in its discretion, prohibit all sexual activity between residents and may discipline residents for such activity. An agency may not, however, deem such activity to constitute sexual abuse if it determines that the activity is not coerced.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) JR Policy 5.90, (3) Interview with PREA Administrator, (4) Interview with the PCM, (5) Interviews with security staff, (6) Interviews with residents, and (7) Interview with Facility Head.</p> <p>OBSERVATIONS: It was noted that JR Policy 5.90 deals with this standard. It notes that youth will be disciplined per the appropriate disciplinary code or code of conduct. Based on the pre-onsite visit conference calls with the Facility Head and via the Pre-Audit Questionnaire, and via interviews during the onsite, the Facility would not use isolation for resident-on-resident sexual abuse. Interviews with staff noted that they would consider whether a resident's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed.</p> <p>DETERMINATION: It was determined that this standard was met.</p>

(c) The auditor shall have access to, and shall observe, all areas of the audited facilities; (d) The auditor shall be permitted to request and receive copies of any relevant documents (including electronically stored information), (e) The auditor shall be permitted to conduct private interviews with residents, residents, and detainees, and (f) Residents, residents, and detainees shall be permitted to send confidential information or correspondence to the auditor in the same manner as if they were communicating with legal counsel.</p> <p>EVIDENCE OF COMPLIANCE: As evidence of compliance with this Standard, the Facility submitted or provided to this Auditor the (1) Pre-Audit Questionnaire, (2) JR policies and procedures, specifically 5.90, (3) Interviews with residents, (4) Interview with the PCM, (5) Interview with Facility Head, (6) Interview with the PREA Administrator, and (8) Review of documents.</p> <p>OBSERVATIONS: Based on a published list of all facilities audited by year, and with the PREA Audit linked, it was determined that during the three-year period starting on August 20, 2014, and during each three-year period thereafter, the agency has ensured that each facility operated by the agency, or by a private organization on behalf of the agency, is audited at least once. Further, it was determined that since August 20, 2014, the agency has ensured that at least one-third of each facility type operated by the agency or by a private organization on behalf of the agency is audited. During the audit, this auditor did have access to and did observe all areas of the audited facility. This auditor was permitted to request and receive copies of any relevant documents (including electronically stored information). This auditor was permitted to conduct private interviews with residents, residents, and detainees. Interviews with residents confirmed that they were permitted to send confidential information or correspondence to the auditor in the same manner as if they were communicating with legal counsel. It was noted that facilities designated to be audited in the fall of 2020 did not have their audits conducted until 2021. This auditor determined that this was an exigent circumstance related to the COVID-19 pandemic. As the agency has initiated audits for these facilities in the fall of 2021, the agency was determined to meet this requirement of the standard.</p> <p>DETERMINATION: It was determined that the agency meets this standard.</p>
