Purpose of the proposal and its anticipated effects, including any changes in existing rules: For child care providers participating in the **Working Connections and Seasonal Child Care Programs**, establish an incentive of \$90 per infant per month for providers who care for infants from birth to 11 months of age.

Reasons supporting proposal: The 2021 Legislature found that Washington State suffers from an extreme shortage of infant child care, which impacts parents' ability to participate in the workforce, and that parents struggle to find access to high-quality care during a time of their infants' critical growth and brain development. In an effort to expand access to high-quality child care for infants, the 2021 Legislature directed the department to provide an infant rate enhancement to the providers who care for infants from birth to 11 months of age.
