

**EXCITING
NEWS!**

Your child's teacher is participating in a science-based coaching model called FIND (FILMING INTERACTIONS TO NURTURE DEVELOPMENT)

FIND is focused on an important type of interaction called **Serve & Return**. These interactions are critical for learning and relationship-building.

Meet your teacher's FIND Coach,

who will coach your teacher using videos filmed in your child's classroom. The FIND Coach will only film interactions between the teacher and children whose parent or guardian has signed a consent form. The FIND Coach will then show your child's teacher edited clips from that film to highlight strategies that support your child's growing brain and social skills. The videos are handled very carefully in order to protect your child's information.

After filming, the video will be uploaded to a secure website (Box.com) for editing by the FIND team at Children's Home Society of Washington. Before uploading, films are labeled with an ID number and encrypted to prevent unauthorized access. Personal information about your child will not be uploaded nor shared on social media or any other platform.

Only authorized individuals have access to the videos. This includes the editors at Children's Home Society of Washington, the FIND Coach, trainers, and of course the provider in the video. The FIND developers at the University of Oregon may also view the film for training purposes.

Thank you for supporting your teacher to continue learning as they care for your children. **To learn how you can support Serve and Return at home**, please ask your teacher.

If you have questions please contact:
